

Making the Right Decision

**“Human behavior flows from three main sources:
desire, emotion, and knowledge”**

PLATO

SLAM Risks Addresses Small Mines

- ❑ SLAM Risks is not new to MNM
- ❑ This safety tool helps us teach miners how to identify risks and manage them
- ❑ It is easy to use for Small Mines because it is simple in content
- ❑ SLAM Risks does not have to have management involvement to work

SLAM Risks the SMART Way

- ❑ SLAM Risks the SMART Way is new to MNM
- ❑ This safety tool addresses the need for management to be involved in risk assessment and risk management
- ❑ Most risk can be managed
- ❑ This safety tool encourages Miners and Mine Operators to work together at providing a safer and healthier work environment

MSHA's Goal

- ❑ Educate Small Mines on the use of SLAM Risks
- ❑ Educate medium to large mines on the SLAM Risks the SMART Way, and
- ❑ Encourage miners and mine management to work together and “Make the RIGHT Decision” on safety and health issues
- ❑ Use SLAM and SMART to reduce the fatalities and injuries occurring in the mining industry
